QS 118 Subwoofer

Subwoofer speaker system, 1x18"

The QS 118 subwoofer is the ideal complement for QUBE models Q 112 and Q115 two way speaker systems to provide extended low frequency reinforcement down to 33Hz. The 18" front facing dual coil woofer is housed in a compact bass reflex designed cabinet and can handle 1400 watts continuous and deliver 134.5 dB SPL. The QS 118 when paired with the Q112 or Q115 creates a very powerful 3 - way system for FOH, stage side fills and other high performance touring and installation applications. The QS 118's compact cabinet dimensions provides for creating stacked subwoofer arrays while only occupying minimum stage or floor space. Easy to Transport thanks to the built in rear wheels, the QS 118 Sub features a 1 3/8" (35mm) top mount speaker stand socket and six M -10 fly points, The cabinet is constructed with 18 mm. (3/4") Baltic birch plywood that is also internally braced to prevent undesired resonance and is finished with a durable scratch and scuff resistant black paint.

Configuration	Bass Reflex
Recommended amplifier	Watts (RMS) 1400
Long term power	Watts 700
Short term power(IEC268-5)	Watts 2800
Nominal impedance	ohms 4
Frequency response @ -6dB	33Hz – 400Hz
Low frequency woofer	18" – 4" voice coil
Sensitivity (@ 1W/1m)	dB 100
Maximum SPL	dB 134,5
Recommended External Crossover frequency	Hz 100
Dispersion	omnidirectional
Recommended HP filter	28Hz-24dboct
Recommended external controller	SP 22Ds plug in module
Input connectors	2 speakon NL-4
Net dimensions (WxHxD)	cm 53,7x75x67 (21.14" x 29.52" x 26.38")
Net weight	Kg 58 (127.6 lbs.)
